International Association of Assessing Officers

P.O. Box 2364 Little Rock, Arkansas 72203

Date: November 14, 2011

To: Arkansas Chapter IAAO Members and Interested Parties

From: Arkansas Chapter IAAO Board

Re: IAAO Course 601

Friends,

Many of you indicated your interest in taking IAAO 601-Cadastral Mapping - Methods & Applications (this course is a requirement for obtaining a CMS and will count as 30 hours of continuing education. Also, a description of the course is included below). Our board has contacted Richard Norejko, CMS, who has committed to teaching the course for us the week of March 26th – 30th, 2012. The class will be held in Fayetteville since we are co-sponsoring the course with Kansas Association of Mappers to help ensure we have a full class.

The cost will be \$400 for local chapter members and \$450 for non members (membership status as of 12/31/11). **Please register as soon as possible by fax to 870-886-5904 or email to assessorlawco@yahoo.com. Also, you can contact Farrah Matthews at 870-886-1135 with any questions.**

Our chapter is looking forward to bringing you this course and hopes to bring more courses in the future. If you have any suggestions for future course contents please let a Board Member know.

Course 601 - Advanced Mapping Methods & Applications

Cadastral Mapping-Methods and Applications is intended to be a continuation of the mapping science curriculum. It exposes students to aspects of protocol and legal principles that are not covered in Course 600. This course utilizes lectures, classroom discussion and exercises to emphasize the main concepts and procedures taught during the week.
