GIS Training Coming to Jefferson City

City	Class	Dates
Jefferson City	ArcGIS Pro	Oct 15-16
Jefferson City	ArcGIS Online	Oct 17-18
Jefferson City	Web App Builder	Oct 19

ArcGIS Pro Quick-Start for the GIS Professional: This course is designed to help users get up and running in Pro as quickly as possible. Become familiar with the new project structure, understand the intuitive and dynamic interface structure, and learn how to do all of your favorite tasks in a whole new way. For a complete description please visit: www.gisedge.com/outlines/90.pdf

Web Map Essentials – Understanding ArcGIS Online and Portal: This course provides a comprehensive overview of the functionality and uses of ArcGIS Online, as well as an introduction to the Esri Maps for Office app. The class also covers best-practices and tips for publishing, managing, and sharing online content. For a complete description please visit: www.gisedge.com/outlines/92.pdf

Creating Online Mapping Applications With ESRI's Web App Builder: Web App Builder provides organizations the ability to rapidly create and deliver specific online mapping applications based on their own online GIS content without the need to write code or become web developers. www.gisedge.com/outlines/99.pdf

The cost for the classes is $400 per day.
