

Missouri Mappers Association 35th Annual Conference

Mapping Through The Ages

August 6th – 9th 2019

Oasis Hotel & Convention Center, Springfield MO

Tuesday Evening Welcome Reception:

Come meet your fellow MMA members. Enjoy complimentary food (*catered by our own Callaway County gang*) & non-alcoholic beverages.

This year we've added games & prizes!! If you're inclined to do so...**BYOB**, feel free to bring an extra for a friend if you like, that's ok too 😊

Wednesday Workshops:

Back by popular demand...Ken Wilkerson!

- **Introduction to ArcGIS Pro Workshop** – Ken Wilkerson, GISEDGE, Inc.

This workshop will help you get ready for your conversion from ArcMap to ArcGIS Pro. Using terminology that you are familiar with the instructor will introduce you to the new Pro interface. You will get an understanding of the new ribbon/tool interface, get familiar with the new ArcCatalog pane in Pro, and learn how to do the basic things we do every day in ArcMap (working with symbology, layer properties, queries, etc.). The course is not an introduction to GIS concepts. It is a migration course, for those who are already comfortable with ArcGIS Desktop (ArcMap).

- **Getting Started with ModelBuilder** - Ken Wilkerson, GISEDGE Inc.

Esri ModelBuilder (MB) provides a visual programming environment for combining data and tools to automate tasks and create custom tools. This course will introduce MB processing with hands-on exercises demonstrating the creation of models ranging from simple to complex. You will learn how to quickly and effectively develop models that help you become more productive ArcGIS users.

Proudly added to our 2019 Workshop lineup...Christopher Dunn!

- **From Deed to Parcel Map: Beginner** – Christopher Dunn, GeoVelo, LLC

This workshop will take you through a brief history of cadastral mapping from pen & ink to GIS. You will gain a better understanding of “*Deed to Parcel Map*”. When did parcel mapping start? Why are the property lines drawn there? How accurate do parcel maps have to be? No matter what mapping program you're using it's important to know how to make the transfer from “*Description to Map*”.

- **From Deed to Parcel Map: Advanced** – Christopher Dunn, GeoVelo, LLC

This is a continuation of the beginner workshop. We will go in-depth on how to deal with difficult property descriptions, property boundary conflicts & chain of title. What if there's an overlap? What if the description doesn't close? What are the rules or standards of Cadastral Mapping? Are there any Missouri Statutes to follow? This will be a Q & A workshop as well so have your questions ready.

Wednesday Evening Entertainment:

Please don't miss our Vendor Reception. This is a perfect opportunity to really get to know our vendors and the wonderful services they offer.

We will be serving food & a cash bar will be available. *(2 free drink tickets compliments of MMA)*. Immediately following the Vendor Reception,

Andy B's Entertainment...Underground Laser Tag arena, four-player virtual reality. Pick you team ahead of time if you like! ***To the victor go the spoils!!!*** (AKA prizes)

Thursday Presenters:

- Keynote Speaker- Dr. Richard Elgin - Archer-Elgin Engineering & Surveying, Inc.
- Steve Shelton – MoDot, Highway Right of Way Deeds
- Thomas Vought - MSDIS Director, MSDIS Update
- Gary Wasson - Waco Title Company, Deed & Title Discussion
- Ben Grote - Greene County, Active Shooter Response

Thursday Evening Entertainment:

New Event!!! Take me out to the ball game! Springfield Cardinals vs NW Arkansas Naturals

Instead of our typical Thursday evening banquet with entertainment following we will be going to Hammons Field.

Expedia Redbird Roost, all-you-can-eat concession stand & Coke products included. *\$25 each additional guest.*

Friday Morning Business Meeting:

Annual Business Meeting following breakfast.
