# Annual Meeting

The 2000 Annual Meeting will probably remain at the original dates of July 26-28. Several members suggested moving the convention into August due to some Tax Commission hearings being held the last Saturday of July. Although the Holiday Inn had some early August bookings that had moved dates or cancelled altogether, the issue of August primary elections was raised by some members. We had also considered moving the annual convention into the 4th or 5th week of August, but the age old "back to school" issue surfaced. Anyway, we will leave it at the July date unless an availability at the Holiday Inn occurs the second week of August. We hope members will try to attend the convention and understand that we are trying our best to accommodate everyone when planning these dates. Thank you.

— Chris Matthews

## Just a bit of trivia

While entering the legal owners in our computer, I was surprised to see that many married couples have the same number of letters in their first names.

Also, have you ever wondered why so many men named "Bob" marry women named "Betty?"

Does anyone else have this happen in their county? When a joint tenancy is formed and then the parties want the property in just one name, some of our deeds have been signed by only one of the joint tenants to the other joint tenant.

A couple buys a tract of land on a warranty deed. The next deed to effect the property is a beneficiary deed to – of all people – themselves as trustees of a revocable living trust.

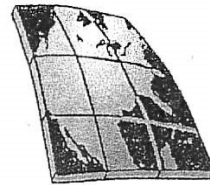

There is a quit-claim deed to a trust. The next document on this parcel is beneficiary deed, but the grantors are not listed as trustees.

Somebody isn't doing their work!
