The Missouri Mappers Association is a non profit organization. Its purpose is to bring together those persons concerned with property mapping in state and local governments and private industry, and to create a framework in which we may cooperate in the investigation, study, discussion, and recommendation of improvements in property mapping and land record management, to promote the interchange of ideas and experiences, to improve the practice of property mapping and knowledge through education and training, and to support legislation beneficial to property mappers and land records management.

To achieve these objectives, the Association sponsors regional workshops and courses, publishes a quarterly newsletter, and has instituted a professional designation program.

MMA operates from a constitution and set of bylaws. The Association has an Executive Committee comprised of the Above listed officers. These officers are selected each year at the annual meeting with the exception of the Treasurer and the Directors who serve a two year term of office.

Each year, the President appoints several standing committees. These include Annual Meeting, Awards, Certification, Education, Legislation, Membership, Publication, Historical, and CADD.
